Dear Mr Brennan,

As a consumer I am writing to you to express my support for the Competition Commission's recommendation that the UK Government legislate in order to establish a supermarket ombudsman.

I am aware that there is currently an imbalance of power between supermarkets and their suppliers, and feel this needs to be regulated. I believe it is up to the Government to ensure supermarkets operate within a framework that ensures they trade fairly with suppliers and offer the best deal to their customers. Having an ombudsman to enforce the GSCOP is the best way to achieve this.

Yours sincerely,
